1. Overview

The following terms and conditions apply to the sale and use of all Delivery Packages for all licence holders.

- 1.1. Any breach of these terms and conditions by the Licensee shall cause them to forfeit their rights to access and use Delivery Packages in any form and to any extent whatsoever. In such an event the Licensee shall not be entitled to any refund, reimbursement, or compensation for loss arising from the breach or the forfeiture of their rights to use Delivery Packages.
- 1.2. Instant Education Solutions (hereafter, 'IES') reserves the right to recover any relevant damages and to seek prosecution of the offending party or parties at its sole discretion.

2. Acceptance of Licence Terms and Conditions

Either the receipt of, use of, or payment for, a Delivery Package is evidence of acceptance of these terms and conditions, whichever occurs earliest.

- 2.1. Downloading or accessing a Delivery Package from the online website library, via email, logging onto the Switch e-learning platform, or the non-return of physical resources pursuant to the Right of Return, both constitute use.

- c. Licence pricing is dependent upon the total number of students enrolled in an organisation and any other factors that may impact upon the number of students accessing Delivery Packages. The total number of students may be determined using a variety of means including NZQA External Evaluation and Review (EER) reports, NZQA/MOE statistics, or signed documentation by the organisation. Instant may seek clarification at any stage regarding the number of students and any other relevant factors to determine price.
- d. IES reserves the right to change the price of any licences (excluding Annual licences) at any time. Annual licence fees will only be altered upon extension of a licence term.

Such agreements will be priced on a case-by-case basis, and there is no obligation on IES to agree to any such arrangement. All such agreements must be documented in writing and have appropriate proof of authorisation by the Manager of IES.

Terms and Conditions

13. Disclaimer and Limitation to Liability

13.1. IES does not make any warranty or assume any legal liability or responsibility for the accuracy, currency, or completeness of any information contained in any Delivery Package.

13.2. IES is not liable to a Licensee for any loss or damage whatsoever or howsoever caused arising directly or indirectly in connection with these conditions, the Delivery Package, its use, and other application. In particular, IES excludes liability for any consequential loss or damage which may arise in respect of the Delivery Package or its use or for loss of profit, data, business revenue, goodwill, or anticipated savings.

These exclusions of liability apply to all liability whether in contract and/or tort (including negligence) or otherwise. If notwithstanding these provisions, IES becomes liable for loss or damage that would otherwise have been excluded, the parties agree that such liability is limited to the amount of the licence fee paid by the Licensee for the Delivery Package.

14. NZQA Copyright

Some Delivery Packages may include documents from NZQA. These are copyright to the New Zealand Qualifications Authority and have been reproduced with permission.

15. Consent to Receive Electronic Messages

15.1. As a term of this licence the Licensee hereby explicitly grants permission to IES to contact them, or their employees, by means of the use of electronic messages for the purpose of providing services which form a part of this licence including general after-sales services. These services include, but are not limited to, providing information on:

- quotations
- updates to the products and services
- new products or services
- the client's web library
- the activities of customer representatives in your region that are intended to maintain contact with clients and keep clients informed of the relevant developments.

15.2. Address(es) so specified will be removed within five working days.

Terms and Conditions

15.3. A choice to unsubscribe from the electronic message services will not affect the Licensee's continued entitlement to use any products or services for which they hold a valid and current licence. A choice to unsubscribe from the electronic messaging services will remove any obligation from IES to provide any information to the Licensee in any other form, or by any other means of transmittal, whether bought as a component of this licence or not, or to provide the Licensee or their employees, with access to any web library or electronic file download facilities.

15.4. IES shall not be liable for any consequential issues arising from the decision of the Licensee to unsubscribe from the electronic messaging service, including, but without limitation, any issues arising from the use of products or services that are out of date with respect to moderation or academic requirements.

15.5. Licensees who have bought under an Annual Licence must receive electronic messages for the duration of the licence agreement to allow access to information related to Delivery Package version status and usage.

16. Uncontrollable Events

16.1. Neither IES nor the Licensee will be in default under this agreement if an obligation cannot be performed because of an uncontrollable event.

16.2. Where IES or the Licensee is affected by an uncontrollable event they must:

16.2.1. notify the other party of:

- a. the nature of the circumstances giving rise to the uncontrollable event;
- b. the extent of that party's inability to perform; and
- c. the likely duration of that non-performance

16.2.2. take all reasonable steps to remedy, or reduce the impact of, the uncontrollable event as soon as possible.

16.3. If IES or the Licensee is unable to perform an obligation under this agreement for 20 business days or more because of an uncontrollable event, both parties must seek to agree to what extent, if any, the obligation in question can be varied and or continued by the affected party.

16.4. Failing agreement, IES or the Licensee may terminate this agreement after giving the other at least 20 business days prior written notice. In such cases, reimbursement, if any, will be negotiated on a case by case basis.

17. Dispute Resolution

17.1. No party in this agreement will commence any court or arbitration proceedings relating to any dispute arising out of or related to this agreement, unless the party has first complied with this Dispute Resolution clause.

Terms and Conditions

- 17.2.** Any dispute arising during the course of this agreement will be dealt with between the Manager of IES and the School or Training Establishment Administrator (or another person selected by the School or Training Establishment to deal with the dispute).
- 17.3.** The party that claims a dispute has arisen must give written notice to the other party specifying the nature of the dispute. The party receiving details of the dispute must then reply to the other party in writing. All reasonable effort must be made to resolve the dispute between the parties.
- 17.4.** If the dispute is not resolved between the parties, either party may refer this dispute to mediation. The mediation will be conducted in accordance with the terms of the LEADR New Zealand Incorporated Standard Mediation Agreement. The mediation fee will be shared equally between the parties.

Terms and Conditions

'LICENSEE' is any organisation or person who purchases any Delivery Package(s) under either a Standard, National, National Customisation, Annual, or Contractor user licence.

Any person buying on behalf of an organisation is deemed to be acting as a representative of the organisation unless agreed in writing with IES. As a result, the organisation owns the rights to use the Delivery Package, not the person.

'ONLINE LEARNING SYSTEM' refers to any internet based system used for the purposes of storing, accessing, distributing, and teaching of Instant Education Solutions Delivery Packages in electronic form (excluding the Switch e-learning platform). This includes but is not limited to Intranet systems, MOOCs, Google Drive, Google Classrooms, use on Apple, Android, on any other mobile devices, Moodle, Moodle docs, Wikispaces or any other web based learning technologies. The definition of Online Learning System does not include the Switch e-learning platform.

'OWNED AND OPERATED' - A delivery site is deemed to be owned and operated by an organisation if the delivery site is registered by NZQA as a:

- a) Main office (with a registered Education Organisation Number) OR
- b) Delivery site (with a registered Location and Number)

All learning centres that are not at the same location as the main office must be listed as an additional delivery site on the NZQA website (with a registered Location and Number). This includes teen parenting units, trade academies, and alternative education centres. Exceptions may be made to this requirement upon agreement in writing by the organisation and the manager of IES.

'SECONDARY SCHOOL' means any school offering classes from Year 9 to Year 13. It also includes Area Schools, Composite Schools (Yr 1-15) and any special character schools or charter schools registered with NZQA.

Only the following customisations may be made:

Appendix 2: Additional Conditions for Secondary Schools with a Annual Licence

1. Purpose of Licence

This agreement allows an NZQA registered secondary school to access the full library of Instant Delivery Packages (including all unit standards and achievement standards, hereafter called the 'IES Library') up to the number of standards specified in this agreement. Variations to this licence agreement may be made at any stage, in writing, as agreed between both parties.

2. Terms of Licence and Payment of Fees

- 2.1. The annual license minimum term is 36 (thirty six) months from the date of signing this license agreement. This licence may be extended after 36 months after both parties have agreed in writing on any altered terms, fees, and other relevant conditions.
- 2.2. The annual fee is calculated based on the number of Delivery Packages the licensee has been granted access to according to the details specified in this agreement.
- 2.3. The license fee is to be paid annually. The date of payment will be based on the date the license agreement commenced and its subsequent anniversaries.
- 2.4. The Licensee may only reduce the number of Delivery Packages accessed in their Member's Library on the anniversary date of this agreement and must be agreed in writing between both parties before any reduction takes place.
- 2.5. The Licensee may increase the number of delivery packages accessed under their license agreement at any time for an additional cost. Any revised agreement must be confirmed in writing by the Licensee and IES. By signing a revised agreement in writing, the Licensee agrees to the new annual fee based on the date the revised license agreement commenced.
- 2.6. All annual licence fees must be paid in full by the Licensee by the 20th of the following month of the invoice date.

3. Determination of Annual Fee

The annual fee is calculated based on the type of Secondary School, the number of learners enrolled at the Licensee's Secondary School, and the total number of Delivery Packages the Licensee wants access to.

In particular, the Licensee is required to provide the following information as required by IES each year before the anniversary date of the agreement so that the annual fee can be calculated:

- 3.1. Whether a Licensee is deemed a Secondary Area School or a Secondary School by the Ministry of Education and the New Zealand Qualifications Authority.

Appendix 2: Additional Conditions for Secondary Schools with a Annual Licence

- 3.2.** The total number of students (full-time or otherwise) enrolled at the Licensee's school as of the renewal date of the licence.
- a. For schools that have large fluctuations in their student enrolments in any one year the license fee may be negotiated in writing between both parties.
- 3.3.** All revised annual fees must be paid in full by the Licensee by the 20th of the following month of the invoice date.

4. Transfer of all Delivery Packages

Any existing Instant Delivery Packages purchased by the Licensee under any other licence is rescinded upon the signing of this agreement (this means that your rights of usage and ownership are permanently withdrawn). These Delivery Packages must be deleted from all storage mediums and may not be used, stored, or redistributed by the licensee.

- 4.1.** Any Delivery Packages that the Licensee previously purchased and still wishes to use must be reordered under the terms of the Annual License.
- a. A discount may be applied to the price of the initial first year of a License Agreement on a case by case basis. The discount will be considered based on the number of current Delivery Packages previously purchased by the Licensee prior to signing the agreement. Current Delivery Packages exclude Delivery Packages that require the Licensee to upgrade due to an NZQA version change or internal IES upgrades.

5. Delivery Packages

The Licensee is permitted to have access to the number of Delivery Packages from the IES Library as specified in the Annual License Agreement.

- 5.1.** Delivery Packages may be added to Licensee's Member's Library by the Licensee at any time during the licence year. Once a Delivery Package is added it is deemed 'added' to the total number of Delivery Packages licensed to the school.
- 5.2.** Delivery Packages can only be removed from the Licensee's Member's Library by the Licensee at the anniversary date of signing this agreement. Once a Delivery Package has been removed, the Licensee has no rights to use the Delivery Package in any manner. Any hard-copies or electronic forms of the material must also be removed from circulation or deleted. The number of Delivery Packages that can be removed at any one time will be stipulated in writing and agreed by both parties.
- 5.3.** Access to additional Delivery Packages, beyond the total number specified in the Annual License Agreement, may be granted based on an agreement in writing between both parties. This agreement will be deemed as a variation to the current

license agreement.

- 5.4. Any NZQA or internal version changes of Delivery Packages will be provided free of charge to the Licensee once published by IES, provided that the Licence Agreement is current. Access to version changes will be available by the School Administrator downloading the free upgrade from the Licensee's Member's Library.
- 5.5. IES reserves the right to remove any Delivery Packages from its IES Library at any time.
- 5.6. IES reserves the right to add or not add any Delivery Packages to the IES Library as it sees necessary. Requests for certain Delivery Packages to be added to the IES Library will not necessarily be granted.
- 5.7. IES reserves the right to provide Delivery Packages that contain assessment material only or teaching material only. Provision of Delivery Packages that contain assessments and teaching material will be provided at the sole discretion of IES.
- 5.8. Some teaching resources provided by IES may constitute more value than one Delivery Package. In this case, these resources will be identified as such and adding these to the library will result in the equivalent of two or more Delivery Packages being added to the Licensee's library.
- 5.9 Any Delivery Package that expires (due to the NZQA version no longer being valid for assessment and reporting) will still be deemed 'added' to the total number of Delivery Packages licensed to the licensee. Any changes to the licensee's Member's Library must be implemented according to clause 5.2. It is the licensee's responsibility to ensure that their library is updated on each anniversary date.

6. Access to Delivery Packages

- 6.1. A Licensee may only have access to Delivery Packages by accessing them through their Member's Library stored on the IES website. Any teacher that is registered with the Licensee may create a user's account within the website and access the Delivery Packages that have been added by the School Administrator(s).
- 6.2. Hard-copies of folders and workbooks may be purchased individually at an additional cost outside this licence. Any registered user within the Licensee's school may purchase these. Any hard-copies sold under an Annual License may only be used in accordance with the terms and conditions of this agreement.

7. Customisation of Technology and Computing Delivery Packages

This section applies to selected Delivery Packages in the following domains only:

- Business Administration (Unit Standard)
- Computing (Unit Standard)

Appendix 2: Additional Conditions for Secondary Schools with a Annual Licence

- Technology (Achievement Standard)

7.2. Licensees may customise any delivery package mentioned in 7.1 upon provision of a PDF password supplied by IES. This password will be supplied, upon agreement to these conditions, prior to the delivery package being downloaded. Only the follow customisations may be made:

7.2.1. alterations for the purposes of uploading material on a local intranet (with no public access)

7.2.2. rearranging, editing, adding, or removing content in order to make it suitable for the organisation's learning needs

7.3. The following notice must be inserted into any altered teaching or learning material:

This learning material is based on content provided by Instant Education Solutions and copyrighted to Instant Education Solutions. Parts of this material have been altered by the licensee's organisation in order to make it more suitable for the organisation's specific learning needs. IES does not take any responsibility for the accuracy and legitimacy of any information contained within this learning material.

7.4. Any alterations to assessments will automatically void the moderation guarantee. IES will ask the licensee for confirmation that the assessment has **not** been altered before fulfilling our requirements under the moderation guarantee.

7.4.1. If an achievement standard assessment has been altered, the licensee **must** remove the NZQA QAAM approval from the assessment (unless the specific alteration is permitted in the assessment). This is a condition of the QAAM approval process.

7.4.2. In situations where the assessment has been altered, the licensee must insert the following into all altered assessment documents:

This assessment is based on content provided by Instant Education Solutions and is copyrighted to Instant Education Solutions. As this assessment has been altered, Instant Education Solutions provides no guarantee that it meets moderation requirements either through independent moderation or through the NZQA QAAM approval process.

7.5. The reproduction of content in any alternative form, including the alteration of layout and graphics, shall not void the copyright held by IES in the materials or derivatives of them. Under no circumstances may the licensee use, sell, or give original or altered Delivery Packages to any person or organisation other than those specified in the licence agreement.

9. Termination

9.1. Termination by Licensee: Termination of this License agreement may only be made at the end of the initial 36 (thirty-six) month licence period. (Refer to 2.1 for licence extension information.)

9.2. If the Licensee does not give notice of termination until after their licence period has ended or wants to extend their licence for a limited period of time, they will be charged a pro-rata daily rate for the use of their annual licence until written notification of termination is received by IES from the Licensee. The price of the pro rata charge will be that of the standard annual licence price at the time of termination, not the price that the Licensee agreed to at the start of the licence term.

9.3. Termination by IES:

- a. IES reserves the right to terminate this agreement upon notice if the Licensee breaches any terms of this license agreement. Any breach of this agreement shall cause the Licensee to forfeit their rights to have access to and use any Delivery Packages accessed under this license in any form and to any extent whatsoever. In such an event the Licensee shall not be entitled to a refund, reimbursement, or compensation for loss arising from the breach or the forfeiture of their rights under this license agreement.
- b. IES reserves the right to alter or terminate this agreement due to any compliance notice or legislation that could reasonably prevent IES from providing services to the Licensee as agreed upon in this agreement. In such cases, reimbursement, if any, will be negotiated on a case by case basis.

9.4. Once this license is terminated, regardless of the reason why it was terminated, all rights of usage of the Licensee are terminated and all electronic copies of Delivery Packages (including altered Delivery Packages) must be destroyed unless agreed in writing by both parties. Any paper copies of Delivery Packages must be returned to IES or destroyed. IES may ask for written notification that this has occurred.

9.5. If the Licensee does not give notice of termination until after their licence period has ended, they will be charged a pro-rata daily rate for the delay in notification until written notification is received by IES . The price of the pro rata charge will be that of the annual licence price at the time of termination, not the price that they had at the start of the licence.
