## Quality Assured Assessment Materials (QAAM)

Quality assured assessment materials (with QAAM certification) mean you can be sure that:

- your students are given the best opportunity to achieve at each level
- the assessment schedule you are using is at the national standard.

Instant is one of the first organisations to offer assessments with the new NZQA QAAM trademark. All assessment resources are subjected to the scrutiny of a number of NZQA moderators, including the National Moderator for an academic subject area. This is a rigorous quality assurance process which ensures that our assessments meet best practice assessment methods. Once this is achieved the QAAM trademark is granted to Instant for use.

QAAMed materials are quality assured to the same standard as an external examination paper.

**NOTE:** For Home Economics, QAAM certification applies to Level 1 standards only (HE1.1, HE1.2, HE 1.4)
