

TEACHING & LEARNING

Resources

RESOURCES

Total Flexibility – Choose the solution that is right for you.

We offer a wide range of units that align to the Graduate Profile Outcomes of many New Zealand Certificate qualifications. You can choose the mix of units that suits your programme. Unit standards take the guesswork out of quality assurance and ensure your assessments are fit for purpose when it comes to moderation. Our customer representative team are here to help you. Contact us now to help you prepare for success into the future.

Licensing Options

Instant offers flexible purchase options that include both pay as you go for individual standards, and licence options.

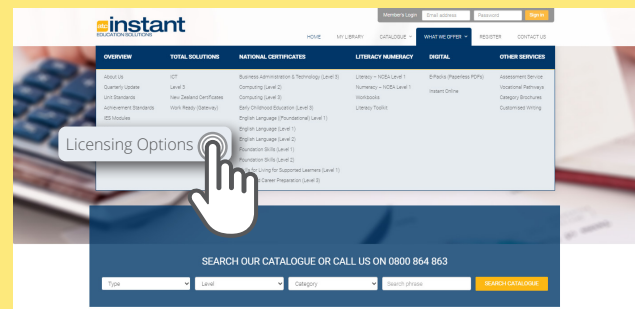

Licence options are available for both secondary schools and tertiary providers. Licence options for secondary schools include different levels, based on the number of units a school is using.

Depending on the situation, some customisation of our resources to align to your learning programme may also be possible.

For more information about Licencing options go to:
www.instant.org.nz/overview/licensing-options

Pricing Options

Different price options are available based on the standards selected. Contact us for a customised quote based on your unique needs.

Product Quality

The quality of Instant's products and services is something we pride ourselves on. Every resource or service developed is carefully thought through and crafted to provide students with the best chance of success. Our resource developers are experienced writers in their fields of expertise and work hard to develop high quality assessments. The assessments created are not only pragmatic, but also technically competent.

Our product development process requires that the writer's work undergo a number of quality assurance checks and measures to ensure each outcome and grading requirement is covered correctly. Each assessment undergoes a pre-assessment moderation process before being made available to our customers. Also, all our teaching material is rigorously reviewed. This ensures that a complete and accurate learning package is delivered to you.

Instant Education Solutions Limited specialises in the creation and provision of high-quality educational resources and services, allowing you more time to focus on the needs of your learners. We provide resources to New Zealand Secondary Schools, Area Schools, and Private Training Establishments, as well as other tertiary providers and international clients.

Instant Education Solutions Limited is an education company that is passionate about seeing lives changed through learning and enabling people to reach their potential.

E-PACKS

PAPERLESS PDFs

PAPERLESS

Eliminate the need for printing and photocopying.

Store documents in the Cloud, on your server, or E-Learning Platform.

FLEXIBLE LEARNING

Students access, complete, and email assessment tasks/activities electronically.

Teachers mark, add comments and highlight text within assessments electronically.

BYOD

Compatible with most BYOD devices.

Creates opportunities for 'Flipped' Classrooms.

Note: E-Packs are currently **NOT** compatible with a Google 'classroom' environment.

E-Packs are supplied in PDF format**. For further information and a demonstration on how E-Packs can work for you, go to www.instant.org.nz/e-packs

*** Additional reader apps may be required for interactive capability. Not suitable for Google Classrooms.*

WEBSITE ACCESS

www.instant.org.nz

Once a standard is purchased, your organisation or school can access the resource via electronic download from our Member's Library. Membership is free, and once you have joined you can view and access the full suite of Delivery Packages purchased.

Our Catalogue Search provides you with easy search access to our complete range of Delivery Packages. Our homepage provides fast access for searching, as does our 'Search Catalogue' feature.

ONLINE LEARNING

Watch our
demo video

Features

Online Delivery

Our engaging platform involves fun quizzes, digestible size lessons, multiple choice questions, graphics, drag'n'drop True/False activities, and the students receive instant feedback before moving on to the next question. They can learn at their own pace.

Digital Assessments

Not only is our lesson content online but we provide user-friendly digital assessments for your students to complete formfields onscreen, or fillable PDFs.

How does it work?

Our Instant Online programme includes comprehensive content for NCEA levels 1-3 unit standards. Each school and student receives an individual login as well as friendly support service based in New Zealand.

Pro Grader

Say goodbye to late-night marking and hello to our easy grading system based in the cloud, accessible anywhere, anytime. View student answers alongside sample answers in a split screen. Checkboxes can be easily clicked along the way, ensuring all criteria are met.

Student progress tracking

You can quickly and easily track the progress each individual student is making in real time. Monitor the percentage of lessons completed along the progress bar.

ASSESSMENT SERVICES

NO TIME TO MARK?

Instant Education Solutions provides an assessment marking service for many of our unit standard resources. This service is available to customers who are looking for some assistance with marking volumes or do not have consent to assess.

WHAT DOMAINS DO WE COVER?

- Communication Skills
- Legal Studies
- Early Childhood Education
- Financial Capabilities
- Work and Study Skills

HOW DOES IT WORK?

We prepare a Memorandum of Understanding (MoU) which needs to be signed and returned to us. Included with the MoU are these documents:

- Student Submission Sheet
- Assessment Cover Sheet
- Tips for Teachers

Assessments can be sent to us via courier or by email as scanned PDF documents. Once we receive the assessments, they are checked and sent to the appropriate marker. We have on-site and off-site markers who aim to complete the marking in a two-week turnaround time.

When the marked assessments are received back, they are processed, and a results report is generated. This results report is included with the marked assessments that are returned to the customer. The results report can be emailed to the customer if there is an urgency to have the results reported.

Please contact **Roslyn.Gardiner@instant.org.nz** if you have any further questions about our assessment marking service.
